

NEVADA GAMING REVENUE: LONG-TERM TRENDS

SELECTED STATEWIDE GAMING STATISTICS, 2000-2021, ALL NON-RESTRICTED LOCATIONS
CENTER FOR GAMING RESEARCH, February 2022

Figures included for total Nevada gaming, total slots, total games, blackjack, craps, sports book, and card games (poker) for the past decade.

Definitions and Notes

Positions: total number of slot machines, plus total table games multiplied by six

WP: Win per position

WPD: Win per position per day

Units: total number of slot machines or table games

%Δ: the percentage change from the previous year's totals

Win Amount: the total amount won from gamblers, in thousands: add "000" for total win

%Δ: the percentage change from the previous year's totals

WPU: Win per unit: total win divided by total number of units

WUD: Win per unit per day

Win: Percentage of total money gambled (handle) that casinos kept; also known as hold percentage

Trend: the overall up/down trend for the years in question

All data taken from Nevada Gaming Revenue Reports for their respective years:

http://gaming.nv.gov/gaming_revenue_rpt.htm.

Total Nevada Gaming
