

## NEVADA GAMING REVENUE: LONG-TERM TRENDS

SELECTED STATEWIDE GAMING STATISTICS, 2000-2022, ALL NON-RESTRICTED LOCATIONS  
CENTER FOR GAMING RESEARCH, February 2023

Figures included for total Nevada gaming, total slots, total games, blackjack, craps, sports book, and card games (poker) for the past decade.

### Definitions and Notes

- **Positions:** total number of slot machines, plus total table games multiplied by six
- **WPD:** Win per position per day
- **Units:** total number of slot machines or table games
- **%Δ:** the percentage change from the previous year's totals
- **Win Amount:** the total amount won from gamblers, in thousands: add "000" for total win
- **%Δ:** the percentage change from the previous year's totals
- **WPU:** Win per unit: total win divided by total number of units
- **WUD:** Win per unit per day
- **Win:** Percentage of total money gambled (handle) that casinos kept; also known as hold percentage
- **Trend:** the overall up/down trend for the years in question

All data taken from [Nevada Gaming Revenue](https://gaming.nv.gov/index.aspx?page=149) Reports for their respective years:  
<https://gaming.nv.gov/index.aspx?page=149>.
